

THE RHODE ISLAND FOUNDATION

MJSA Instructions for Supporting Materials

Please attach three to five images of jewelry pieces suitable to be manufactured (**images should show jewelry being worn**). Multiple perspectives of the same piece will not count toward the three to five image limit. Attach a document providing a numbered list of images including title of work, date completed, medium and dimensions and a brief narrative.

Images must be in JPEG format, 150 - 400 dpi, 600 x 900 pixels or 3" x 5" (no more than 500 KB). For best viewing quality do not go below the minimum dpi recommended. Please do not imbed images into a Power Point presentation. Name the files by using the number corresponding to the descriptive information on the list of images and the applicant's name (examples: 1-jrjones.jpg, 2-jrjones.jpg or ann_smith1.jpg, ann_smith2.jpg). Adobe Photoshop will be used to open JPEGs.

Please follow directions and submit all required materials.
