The Rhode Island Foundation believes that our community can best be served by charitable organizations that both reflect and serve the diversity of our community. We do not award grants to applicants or for programs that have a policy that discriminates against any person or group in any way that is either unlawful or inconsistent with the mission or values of the Foundation.

As part of the Foundation's co-funding initiative to leverage resources from other potential funders, Foundation staff will occasionally share information, electronically and manually, contained in grant applications with donors, private foundations, and other philanthropists under terms of strict confidentiality. By applying, you agree to allow information contained in this grant application to be shared with potential co-funders, understanding that there is no guarantee of support.
